PREFABRİK & ÇELİK YAPI ÇÖZÜMLERİ

● SATANLAR PREFABRİK & ÇELİK YAPI

Satanlar Prefabrik ailesi olarak Prefabrik yapı ve Çelik Konstrüksiyon sektöründe Türkiye'nin 81 ilinde hizmet vermekteyiz. Prefabrik ev, ofis, kabin, şantiye binaları isteğinize göre kaliteli, dayanıklı, her bütçeye uygun, hem de kısa zamanda teslimatıyla sizlere sizler için ekonomik çözümler sunuyoruz.

Prefabrik ev ve prefabrik konutların yanı sıra prefabrik modeli olarak son derece modern ve güvenli prefabrik villalarda üretmekteyiz. Prefabrik ofis ve prefabrik şantiye binaları da firmamızın üretimleri arasında yer almaktadır. Beğendiğiniz bir prefabrik yapının modern tesislerimizde ön üretimini gerçekleştirip istediğiniz alanda profesyonel ekibimizle kurulumunu gerçekleştiriyoruz.

➤ DAHA EKONOMİK

Prefabrik yapılar, betonarme yapılara nazaran çok daha uygun bütçelerle hayata geçiriliyor. Ayrıca planlama aşamasında bu yapıların ne kadarlık bir maliyet ortaya çıkaracağı kolaylıkla tespit edilebiliyor.

➤ DAHA GÜVENLİ

Günümüzde yeni nesil yapılar arasında gösterilen prefabrik evler, modüler yapıları nedeniyle deprem gibi doğal afetler esnasında maksimum güvenlik sağlıyor ve geleneksel yapılara nazaran insan yaşamını daha fazla koruyor.

◆ SATANLAR PREFABRICATED & STEEL STRUCTURE

As Satanlar Prefabricated family, we provide services in Prefabricated Building and Steel Construction sector in 81 provinces of Turkey. Prefabricated house, office, cabin, construction site buildings according to your request, quality, durable, suitable for every budget, as well as delivery in a short time, we offer you economic solutions for you.

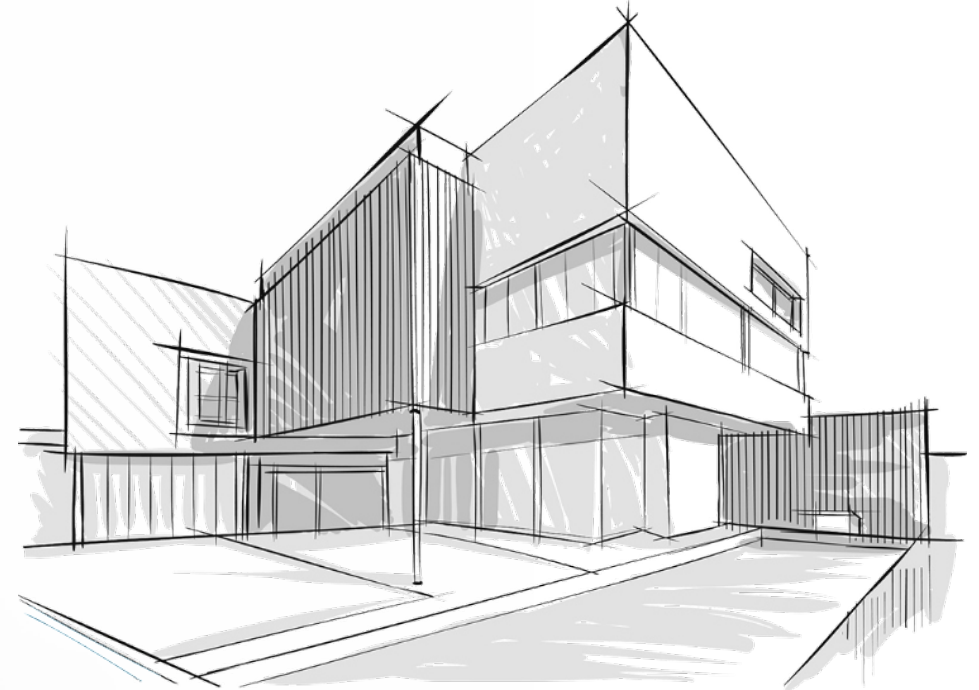

In addition to prefabricated houses and prefabricated residences, we produce extremely modern and safe prefabricated villas as prefabricated models. Prefabricated offices and prefabricated construction site buildings are also among the productions of our company. We realize the pre-production of a prefabricated building you like in our modern facilities and install it with our professional team in the area you want.

➤ MORE ECONOMIC

Prefabricated buildings are built with much more affordable budgets than reinforced concrete buildings. In addition, it can be easily determined at the planning stage how much these structures will cost.

➤ MORE SAFE

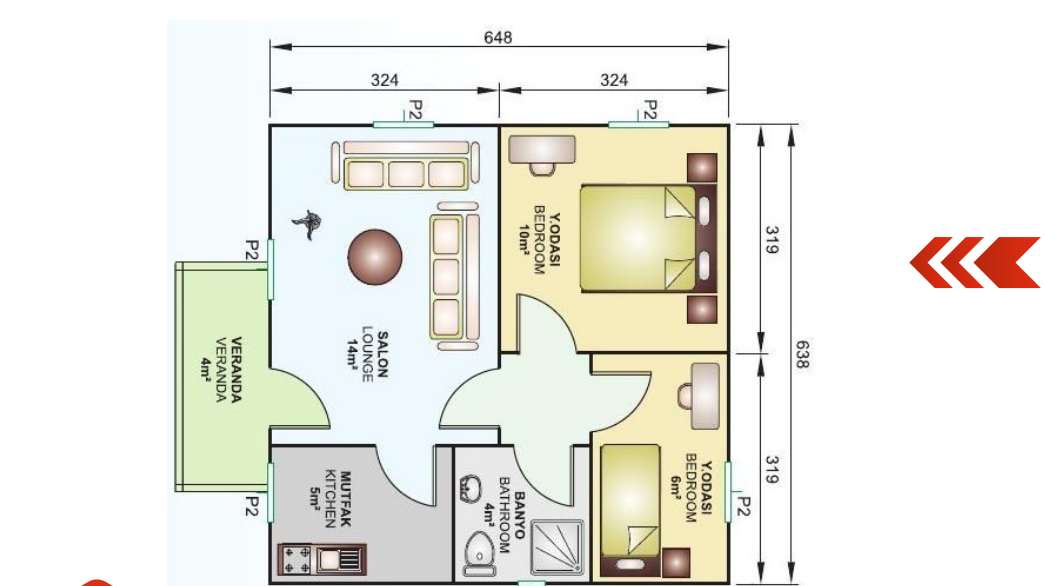

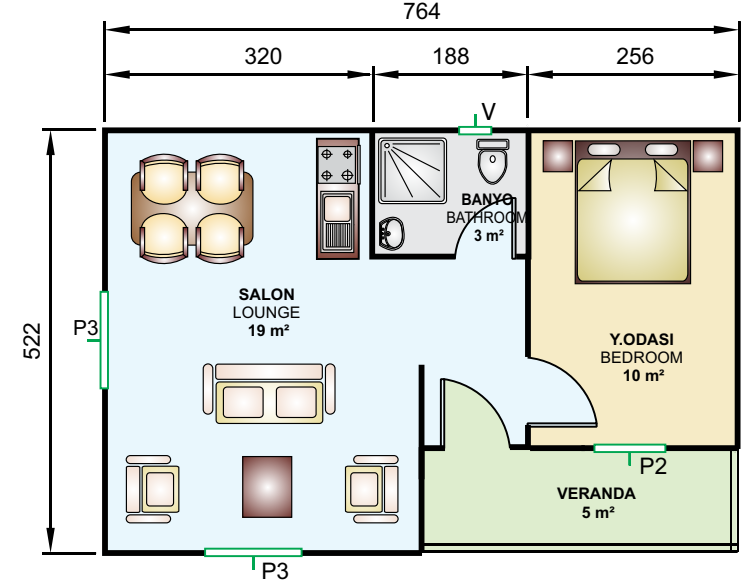

Prefabricated houses, which are among the new generation structures today, provide maximum safety during natural disasters such as earthquakes due to their modular structure and protect human life more than traditional structures.
